

CENTRAL INTELLIGENCE AGENCY

3 July 1951

MEMORANDUM

TO: General Counsel

FROM: Comptroller

SUBJECT: Initial Allocation of Funds for Fiscal Year 1952

1. Inasmuch as the appropriation of funds for fiscal year 1952 is still pending consideration in Congress, it is necessary to make an initial allocation of funds in accordance with H. J. Resolution 277 (Public Law 70) approved 1 July 1951.

2. This resolution permits the necessary obligation and expenditure of funds during the month of July subject to certain provisions. We are therefore making an initial allocation of unvouchered funds in the amount of [] for the month of July. This amount has been determined by the Budget Analysts in conjunction with representatives of your office, taking into consideration the rate of operation contemplated in the 1952 budget estimate.

3. It is contemplated that the resolution will be extended for subsequent months until passage of the appropriations by Congress and that additional allocations will have to be made to cover such periods until the appropriation act is enacted for fiscal year 1952. Immediately following passage it will be possible to issue advice of allotment authorizations covering the entire fiscal year.

4. Until such time as the appropriation act for fiscal year 1952 is passed, it is anticipated that this office will be in a position to effect arrangements for acceptance of obligations and expenditure documents for the level of operations provided for in the initial allocation.

5. The allotment account symbols for the Agency have been revised beginning with fiscal year 1952 in order to provide a uniform chart of allotment accounts for vouchered and unvouchered funds. Therefore, obligations incurred in connection with the activities of your office should be reported under the following accounts.
